

## **Procedures for DSRV Resort Residents and Guests Who Have Been Exposed to Infected Persons or Who Are Experiencing Symptoms**

Exposure: known exposure to infected person or persons. This should be reported to the Office so contact tracing can occur if needed.

Please see the CDC's guidelines on the symptoms of COVID 19. These might include:

- Fever, respiratory issues, loss of taste and/or smell, abnormal aches and pains...even runny noses should be suspect

If experiencing multiple symptoms, please follow CDC guidelines, and:

- Quarantine
- Do not frequent any common area spaces
- When outside of your own living space, wear a mask and maintain 6' distance

If exposed to a person or persons who are infected with COVID 19, please:

- Follow CDC guidelines, including quarantining:
- Do not enter any Resort common areas
- Get a COVID 19 test at the end of quarantine: if negative, end quarantine. The test is at the expense of the individual.
