ARCHITECTURAL CONTROL COMMITTEE SITE IMPROVEMENT APPLICATION

Owners' Acknowledgement and Verification Declaration

Date(mm/dd/yy): _____ Site: _____

Overleaf, you have stated that all work will be done by yourself. As a point of clarification, by stating **you are** the contractor, **ALL Work Done** is your responsibility. Therefore, your Site Improvement Application approval by the Desert Shadows Architectural Control Committee **is conditional upon the signed and dated declaration below.**

1. I understand that as an "owner self" I am the responsible party of record on the permit. I understand that I may protect myself from potential financial liability by hiring a licensed contractor and having the permit issued with the contractor listed as the responsible party rather than myself.
2. I understand contractors are required by California law to be licensed and bonded and to list their license number on applications for permits.
3. I understand that I may be considered an "employer" under State and Federal law if I employ or engage any persons other than California Licensed Contractors to do the work, and the total value of the construction is **Five Hundred dollars (\$500.00)** or more, labor and materials included.
4. I understand that if I am considered an "employer" under State and Federal law, I must register with the State and Federal government, withhold payroll taxes, provide worker's compensation disability insurance, and contribute to unemployment compensation for each "employee". I also understand that failure to do so could result in state or federal prosecution.
5. I understand that as an "owner self", if I sell the property for which this permit is issued, I may be liable for any financial or personal injuries sustained by any subsequent owner(s) that result from any construction defects in the workmanship or materials.

SIGNATURE OF PROPERTY OWNER: _____ DATE(mm/dd/yy): _____

Thank you for cooperation in this matter, as it is very important to you, the resort, and your neighbors.
